

CARB-BLOCKER™

180° Life System®

Turn your health around with the 180° Life System™ Carb-Blocker, exclusively formulated by Steven Rosenblatt, M.D., PhD., co-author with Cameron Stauth of "The Starch Blocker Diet". Carb-Blocker truly can change your life.

Carb-Blocker can help you feel better about your weight and allow you to eat your favorite starchy foods – such as pasta, bread, and potatoes – in moderation, without the sense of failure often accompanied by fad diets.

180° Life System™ Carb-Blocker is a revolutionary, all-natural, non-stimulant weight loss product made from Phase 2™, or Phaseolamine 2250, an all-natural ingredient made from white kidney beans and backed by more than 20 years of research.

Independent laboratory studies show the active ingredient in Phase 2™, found in two 180° Life System™ Carb-Blocker capsules, 'neutralizes' more than 450 grams of dietary starch when taken 15-20 minutes before eating. Taken regularly, Carb-Blocker can help support optimal weight management.

Clinical studies continue to support the effectiveness of Phase 2™, the main ingredient in 180° Life System™ Carb-Blocker. This all-natural extract of the northern white kidney bean inhibits the activity of the digestive enzyme responsible for the breakdown of dietary starch into glucose.

This all natural, non-stimulant weight management product can be taken to support popular diet programs such as the Dr. Atkins Diet, Weight Watchers, and the South Beach Diet. 180° Life System™ Carb-Blocker does NOT contain Ephedra or Ma Huang. Phase 2™ neutralizes the carbohy-

drate calories in your favorite foods – so you can enjoy a plate of pasta or your other favorite high-carbohydrate foods in moderation and still support your optimum weight!

180° Life System™ Carb-Blocker contains a proprietary blend of "NHT Global Accelerators™" which may help accelerate the 'neutralization' of carbohydrates.

Finally, an all-natural, easy, convenient answer to carb calories and an excellent addition to your weight maintenance program.

180° LIFE SYSTEM CARB-BLOCKER FAQs

Q. Do I need to exercise?

A. For optimum health, EVERYONE needs to get some exercise everyday.

Q. Does everyone have the same experience when taking 180° Life System Carb-Blocker?

A. No. No two people are the same... on the outside OR the inside. So, results will vary between people, but through the years of testing the core ingredient of the 180° Life System Carb-Blocker, MANY people have achieved successful results when using this formula.

180° Life System™ Carb-Blocker Recommended Usage:

A natural product that helps neutralize starch calories by preventing absorption.* Helps to eliminate excess weight.* Take 1 capsule 15 minutes before each meal.

180° Life System™ Carb-Blocker Ingredient List:

Phase 2™ (phaseolus vulgaris), Ginger Root
Other Ingredients: NHT Global Accelerators™ [proprietary blend of Schizandra extract and Green Tea extract], Cellulose, Magnesium Stearate, Silicon Dioxide, and Calcium Carbonate.

180° Life System Carb-Blocker contains the starch blocker, Phase 2™. In controlled laboratory tests, two capsules "neutralized" conversion of 2250 starch calories with no known harmful side effects or bloating.* Carb-Blocker can be an excellent addition to your weight loss program. Always consult your health care professional before beginning a diet and exercise regimen.

Consult your health care professional prior to use if you have or suspect a medical condition, are taking prescription drugs, or are pregnant or lactating. No product testing is performed on animals.
